INTRODUCTION

This booklet provides helpful information on the wide variety of long term support services offered to seniors in Tompkins County. These support services and living arrangements comprise the long term care network that enables seniors to live safely and comfortably throughout their lives.

In general, these services are either in-home or residential. It is important to investigate and discuss options with family and friends in order to make the best choices. Both public and private agencies provide medical and social assistance. Seniors may only require services such as home delivered meals or they may need the complete medical and therapeutic services of a long term care facility. All the housing arrangements described in this booklet are licensed to provide service.

A companion booklet called *Housing for Seniors In Tompkins County* describes in more detail the various housing options provided in Tompkins County. Another booklet, titled *Resources for Caregivers in Tompkins County*, gives more detailed information about services to support caregivers. These booklets are available at the Tompkins County Office for the Aging along with other booklets in this series listed on the inside front cover.

IN-HOME ASSISTANCE

Public Programs Providing In-Home Care

Long Term Care Services of Tompkins County (LTCS)

Long Term Care Services of Tompkins County is a single access unit located at the Tompkins County Department of Social Services. LTCS provides information, referral, assessment and case management at no cost to all Tompkins County residents with long term care needs. Any Tompkins County resident can request a home assessment to assist them in determining their long term care needs. LTCS provides assistance with nursing home placement including the State-mandated Patient Review Instrument (PRI). LTCS also provides home care services through EISEP and Medicaid:

EISEP (Expanded In-home Services for the Elderly Program) provides non-medical, in-home services and case management for people 60 and over who can be cared for safely at home. Home care services include help with bathing, dressing, cooking, shopping, laundry, and housekeeping. The case manager will arrange for and monitor these services to make sure they are meeting the client's needs. Clients pay for services on a sliding fee scale based on their income and housing expenses. There is no charge for case management.

Medicaid Home Care provides a variety of home care services to Medicaid clients. Medical need must be documented by a physician. Caseworkers and nurses, under a doctor's order, jointly coordinate in-home personal care services to people who receive Medicaid. Services are provided without regard to age.

Long Term Home Health Care Program

The **Long Term Home Health Care Program (LTHHCP)** is funded by Medicaid to provide coordinated home care services to recipients who are otherwise medically eligible for care in an institutionalized setting. Services provided are nursing, medical, social services, home care aides, nutrition, medical supplies and equipment, and all other therapeutic and related services. This program is sometimes called Nursing Home Without Walls.

Three Eligibility Criteria:

1. Financial - must not exceed the same income and asset limits for Medicaid payment of nursing home care.
2. Safe Care Plan - a home visit by a nurse and social worker will determine whether LTHHCP "waivered service" is necessary and whether adequate care can safely be provided
3. Cost of Care - must fit within the LTHHCP budget cap (75% of the cost of care in a skilled nursing facility)

Home Care Employment Registry

The Registry is a free listing and referral service that lists households needing in-home help. The Registry links these households with independent job seekers over the age of 18. In-home job seekers are listed after they are interviewed and their references are checked. People hired for in-home care are employees of the household. The Registry may suggest an average wage, but work arrangements and fees must be worked out between the family and the worker. The Registry lists jobs for personal care aides, cleaning personnel, companions, homemakers and nurses. Wages for personal care aides and companions usually range between \$10 and \$12 per hour. There is no fee for the matching service but contributions are welcomed.

Home Care and Home Health Care Agencies

Home Care and Home Health Care Services are offered by the agencies listed in the following pages. Services may also be privately arranged. Home care may be scheduled as needed from several hours per week to 24 hours a day. Costs vary depending on the agency and the services performed. Generally, home care is provided by:

Registered Nurse (RN)

licensed by the State of New York to do specific medical care.

Licensed Practical Nurse (LPN)

licensed by the State of New York to do a lower level of medical care.

Home Health Aide (HHA) - trained to provide medical-related services and personal care such as bathing/dressing.

Personal Care Aide (PCA) - provides personal care such as bathing, grooming assistance, and meal preparation.

Homemaker/Companion - assists with home management activities such as meal preparation, housekeeping, shopping, companion visits or escorting, running errands, etc.

Hiring someone to provide care in the home, either from an agency or privately, is an individual decision. Home care agencies are responsible for training, scheduling, supervising, arranging for substitutes, and employee benefits for personnel they employ. (When a family makes an employment agreement directly with the caregiver, its members assume these responsibilities). Payment is made by the family, a third party such as Medicaid, Medicare, or an insurance company.

CareGivers

CareGivers is a State Licensed Home Health Care Agency, which has been providing quality services since 1967. CareGivers provides Nurses, Home Health Aides, Personal Care Aides and Companion services, from 2 hours per day, once a week to 24 hours per day, 7 days a week. All services are supervised by a Registered Nurse, who does an initial patient assessment and ongoing evaluations at no additional charge.

CareGivers received accreditation with commendation from the Joint Commission on Accreditation of Healthcare Organizations.

MEAL AND SHOPPING SERVICES

Congregate Meals Program (Foodnet)

The **Congregate Meals Program** is provided by **Foodnet**, a not-for-profit group that contracts with the Tompkins County Office for the Aging to operate the nutrition programs for the county. They provide meals and social time Monday through Friday at midday. Nutrition counseling and education is provided to individuals and groups. The sites for meals are conveniently located throughout the county, and are open to everyone over 60. A donation of \$2.75 is suggested for each meal, and food stamps are also accepted, but no one is denied a meal because of inability to make a donation.

The dining room locations are:

Meals on Wheels

Foodnet provides Meals on Wheels (home-delivered meals) to people in Tompkins County who are homebound and unable to prepare their own meals. A hot meal and optional sandwich meal are delivered five days a week, and frozen meals can be provided for the weekends. Nutrition education and counseling are available from the Registered Dietitian.

Eligibility

1. Senior Nutrition Program: Persons age 60 and over are eligible to receive meals on wheels if they are homebound and incapacitated due to accident, illness or frailty; lack adequate support of family friends or neighbors; and are unable to prepare meals because of any one of the following:

Lack of facilities such as refrigeration, stove, etc.

Inability to shop and cook for self

Inability to safely prepare meals

Lack of knowledge and skills

2. The spouse of the homebound person, regardless of age or condition, is eligible to receive meals on wheels when the provision of a meal to the spouse is in the best interest of the homebound person.

3. Non-elderly disabled individuals who reside in a non-institutional household with a person eligible to receive meals on wheels may also receive this service when the provision of the meal to the non-elderly disabled individual is in the best interest of the homebound elderly person.

Cost

Meals for eligible persons under items 1-3 above are partially funded by the Tompkins County Office for the Aging and the New York State Office for the Aging. Suggested contributions are \$3 per hot meal and \$4 for a sandwich and hot meal, but no one will be denied meals because of inability to pay. Food stamp vouchers may be used in lieu of a cash contribution.

4. Foodnet Select: Other persons under age 60 are eligible to receive meals on wheels under the criteria listed in #1 above provided they purchase the meals under the Foodnet Select program or arrange for a third party to pay for the meals on their behalf. Tompkins County and Foodnet established the **Foodnet Select** program with no state or federal funding in order to make Meals on Wheels available to more people and to help offset reductions in government grants. The **fee** is \$6 per hot meal, \$7 for a sandwich and hot meal. **Payment** for Foodnet Select meals must be made in advance unless special arrangements are made to bill a third party.

CAREGIVER SUPPORT SERVICES

Caregivers' Resource Center and Alzheimer's Support Unit

The **Caregivers' Resource Center**, a service of the Tompkins County Office for the Aging, provides information and support to individuals concerned about or caring for an aging relative or friend, living nearby or at a distance. The goal of the Center is to help caregivers provide quality care to older persons while also maintaining the quality of their own lives and the lives of their family members. The Center is also involved in identifying caregiver needs in Tompkins County, and in planning and advocating for new services on a local and statewide level. Services offered include:

Information & Referral	Counseling	Peer Support
Lending Library	Support Groups	Training Workshops

Call for a free subscription to *In Support of Caregivers*, a quarterly newsletter with articles and announcements of interest to family caregivers.

Educational materials, periodic trainings, a support group, and other supports are available that are specifically geared for those caring for loved ones with Alzheimer's or other types of dementia.

Some health information is provided to caregivers regarding the specific diseases and conditions of their loved ones. Referral is made to resources like the Alzheimer's Association, National Parkinson's Foundation, Commission for the Blind and Visually Handicapped and other health-related associations.

In-Home Caregiver Counseling/Consultation

The Home Care Program of Family and Children's Service offers confidential consultation and support, at home or in the office, to caregivers and their families who would like the help provided by a professional in the field of caregiving. There is no charge for this service which is supported by United Way and Community Reinvestment Act funds. Contributions are requested to expand the service. (*See contact information below for the Home Care Program.*)

In-Home Respite Care Options

The Respite Program of Family and Children's Service provides trained home health aides for homebound persons over the age of 60 as well as others with mental health issues. This grant-funded service is provided for an average of three hours per week per client and enables caregivers to take some "time-off" from the responsibilities of caring for a physically or emotionally dependent person. Respite services are usually offered between noon and 5 pm weekdays. There is no charge for this service. Contributions are accepted.

By Other Home Care Agencies: For a fee, you may arrange for respite aide service through one of several area agencies if they have aides available at the times you need (*see pages 7-13*). You may also be able to hire someone privately through **The Registry**, a service of the Women's Opportunity Center (*see page 6*).

Project CARE- matches community volunteers with caregivers to provide some respite by visiting with the care recipient or doing other errands or chores to free up the caregiver (*see page 25*.)

Out-of-Home Respite Care Services

Adult Homes

Short-term stays are allowed on a space-available basis in **Longview's Adult Care Facility**, **Alterra Clare Bridge** (for dementia patients), **Alterra Sterling House** as well as most of the smaller, **family-type, adult care homes** locally. Charges generally include meals, housekeeping, help with bath and medications, and recreational programming. Respite residents must have enough self-care skills to qualify for residential care. There are also other respite options (See pp. 32-33 for further information on the adult homes.)

Overnight Respite with Nursing Care

Those who do not have self-care skills to qualify for an adult home level of care can consider two other options for overnight respite:

Cayuga Medical Center Respite Services Program (274-4011) Minimum stay is 24 hours, with a maximum stay of two weeks. Respite guests are not admitted to the hospital, but can call on hospital staff for assistance with activities. Meals and accommodations are included in the daily fee of \$200 (semi-private) or \$225 (private). Arrangements should be made well in advance, as respite is based on bed availability in the hospital.

Lakeside Nursing Home and the **Reconstruction Home**

Both accept short term admissions for respite purposes on a space-available basis. A nursing home assessment and doctor's orders are needed. Contact the nursing home a few days before the date respite care is needed (*see pages 35 and 36*).

TRANSPORTATION

FISH Transportation Service

FISH volunteers provide essential transportation within Tompkins County for elderly, handicapped, or low-income individuals. This service is offered primarily for medically-related trips. It is best to call several days in advance in order to schedule transportation. Although there is no charge for this service, donations are accepted.

Gadabout Transportation Service

Gadabout provides demand-response transportation in Tompkins County to people 60 or over, and those with a disability. Most of its vehicles are wheelchair-lift equipped. Reservations two or more days ahead of time. Trips can be for any purpose, with priority given to medical and nutritional necessities.

Fare is \$1.50 one way within the city limits and \$2.00 one way outside of the city limits. Most of Gadabout's drivers are volunteers who have been trained and tested.

ADA Paratransit Service

The ADA Paratransit Service is specialized transportation geared to serve the needs of individuals who qualify under the Americans with Disabilities Act. Persons with disabilities which prevent them from riding a public bus are eligible. Prerequisites for qualifying include completion of an application from the ADA Paratransit Service, and one interview.

Those who qualify will receive a card allowing them to use the service, which covers a 3/4 mile-wide corridor on either side of regular bus routes, and operates within the same time frame as the public bus service.

Airport Limousine Service

Senior Citizens can be picked up by the airport limousine and be taken to doctor's appointments in Syracuse at a reduced round-trip rate of \$55.00 (or offices near the airport). The limousine stops in the downtown area and goes on to the Syracuse airport to pickup clients there. It will not go out of the way to outlying areas of the city. Call ahead of time to arrange for pick-up at your home. Be sure to identify yourself as a "County Office for the Aging client" and ask for the reduced rate.

ADDITIONAL HOME SERVICES

Project CARE

Project CARE, organized by the Tompkins County Office for the Aging, matches older people with volunteers and encourages regular visits. Project CARE volunteers also can provide a needed break from caregiving and other assistance to family caregivers. For the older adult, Project CARE offers companionship and a chance for sharing time and interests. Students from several area colleges as well as year-round members of the community often volunteer and look forward to this social connection.

Volunteers might also assist with errands, light housekeeping or yard work. In some instances, Project CARE volunteers free up a family caregiver who is having difficulty finding time to take a break or attend to other responsibilities. Typically volunteers visit about two hours a week, although individual arrangements vary.

Legal Assistance Program

Through a contract with the Office for the Aging, the Neighborhood Legal Service provides free legal advice on civil matters to Tompkins County residents age 60 or older. The **Legal Assistance Program** gives priority to those individuals with the greatest social or economic needs. Legal problems that are given high priority include establishing a power-of-attorney; the rights of nursing home residents; social security, SSI, Medicare and Medicaid appeals; and landlord/ tenant problems. Fee-generating and criminal cases are excluded by law. No fees are charged for program services. Contributions are voluntary and used to expand the service.

Personal Emergency Response System (PERS)

The Personal Emergency Response System is a communication system which links an individual with the county's emergency medical response system. Pressing a button on the unit or on a pendant worn around the neck automatically dials an emergency rescue dispatcher. The system will also activate itself if it has not been reset in 24 hours. This system provides around-the-clock protection, even if the person is unable to use the telephone.

The Office for the Aging Outreach Worker will make a home visit to demonstrate the system and determine how and where the equipment should be installed. PERS units are rented on a sliding scale depending upon income. Contact:

Protective Services for Adults

Protective Services are provided to adults over the age of 18 who, because of physical or mental impairment, are unable to manage their own resources or protect themselves from neglect or hazardous situations, and have no one able to help them. Services are available regardless of income level, and include prompt response and assessment and arranging or providing other services including social, medical, legal, mental health or in-home services.

If necessary, the Department of Social Services can serve as a representative payee for a person unable to manage her or his money. Referrals come from concerned individuals as well as agencies and people themselves. Referrals are confidential.

ADULT DAY PROGRAMS

Longview Adult Day Community

Many Tompkins County families have grown to include grandparents. But with today's busy, two-career lifestyle, it's often impossible for someone to be home all day providing companionship and ensuring the safety and security of older adults. **Longview's Adult Day Community** is one possible solution. The daily \$36 fee includes personal supervision, recreational programs and medication management, as well as morning and afternoon snacks and a hot, nutritious lunch.
